

Tang Soo Do Training / Fees & Classes

We offer a flexible class schedule (see Calendar/Events page) that allows families to train together. We have two active training floors, so it is easy to separate different groups and/or conduct separate classes as needed.

Master Johnson is not a believer in financial contracts that tie you into something you may no longer wish to continue. We send out monthly statements to our students. This does NOT mean students can interrupt their training / payment because of conflict with other obligations. It means as long as you are a student of Aim and Focus Karate, you will receive a monthly invoice.

We offer a free **“Introductory Class”** to anyone interested in training with us. This class will last about 30 minutes. It gives perspective students a chance to tour the facility, meet the instructors and train in Tang Soo Do.

The tuition structure is very simple:

- \$120/month for the first student in a family
- \$105/month for the second student in a family
- \$105/month for all students if three or more family members train together

Additional charges:

- \$50 Belt Test fee
 - Students must wait 3 months between tests
 - Red Belt students must wait 6 months between tests
- \$95 Sparring Gear (helmet, gloves, boots and bag)
 - Required for all students Green Belt and higher
 - Optional for White and Orange Belts
- \$30/year annual membership in the Tang Soo Do Mi Guk Kwan Association (Aim and Focus Karate pays this membership for the students)
- \$25 for a new uniform (first uniform is free)

Students can attend as many classes per month as they wish. We structure classes by rank not by “tuition program”. If we offer special classes or programs, they are open to all students (rank appropriate).
